Tire and Gas Prices Are Cut At Big Opening

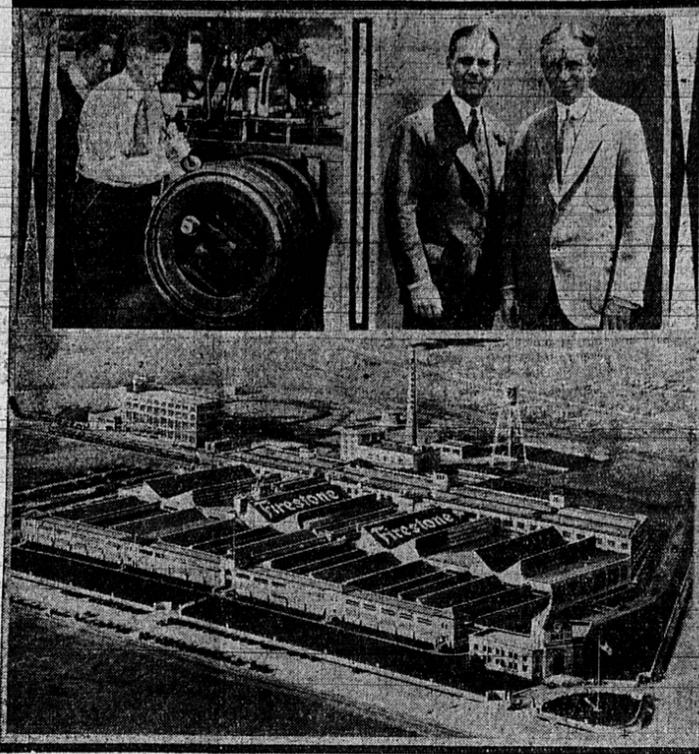

Torrance Super-Service Also Offers Gifts to Customers This Week-End

Tire prices will hit a new low level in Torrance this week-end, according to George Pschaida, who is opening his new Torrance Super-Service at the corner of Cabrillo and Border-avenues with a spectacular three-day grand opening sale of Flak tires and tubes. Mr. Pschaida (pronounced Shaidá) is the exclusive distributor of the entire South Bay district of Flak tires, and for the past eight years has conducted successful retail and wholesale business from his Ocean Star Super-Service in Redondo Beach. The Torrance Super-Service is being added in order that local customers may be served better. It is located at the old Richfield corner at Cabrillo and Border avenues.

In a half page advertisement in this issue, the Torrance Super-Service offers Flak tires at a sensational low price for the three opening days, Thursday, Friday and Saturday—April 30, May 1 and 2. In addition to Flak tires, the Torrance Super-Service will handle Richfield, Purity and Eddington gasolines; Hobbs batteries; greases, automobile supplies and accessories. A 24-hour service will be maintained and a thorough lubricating-rack-operated.

Customers on the opening days will be given their choice as gifts of: a quart of 30-cent Eastern oil, a pound can of cup grease, or a tire repair kit. There will also be gifts for the children. Mr. Pschaida announced. Among the special offerings for the three opening days will be Purty Special gasoline at 8 1/2 cents per gallon. Mr. Pschaida purchases this special brand of gasoline in car-load quantities, which makes it possible to sell it at this low price, he stated.

Firestone Factory Completes Third Year

Upper right, Harvey S. Firestone, Sr., world-famous tire magnate and his son, Harvey S. Firestone, Jr., who will visit California next week; at left, Mr. Firestone when he built first tire at the Western plant three years ago; and lower, the mammoth Firestone Factory at Los Angeles, now in top production to satisfy increased demands of Western market.

Harvey S. Firestone, long rated as one of the greatest industrialists of all time, who next week will visit California on a business tour, is thoroughly optimistic over the business outlook, with very definite reasons for his optimism. One of the reasons is that the increased demands for Firestone tires in the Western market during recent months has necessitated increasing production at the Western Firestone factory to the highest point since the plant was established three years ago. This fact, it is pointed out, strikingly indicates that a new buying movement has been launched throughout the West.

sons for his optimism. Park Bonds, Charter Board Vote, June 9

(Continued From Page 1-A)

that the charter form of government is thus established. The freeholders have an ample period of time to write a proposed charter, then they submit it to the people for their inspection, study and consideration.

A second election will be called to let the electors of Torrance decide whether or not they approve the freeholders' charter efforts. If the charter is approved, it will then be submitted to the State Legislature for ratification. This accomplished, the city will immediately start its charter existence.

Deep Test Well Is Drilling at Lomita

(Continued From Page 1-A)

oil boom period in the local field, the well which is now being sunk deeper, was down between 3700 and 3800 feet. It was considered a fairly good producer of oil with a gravity of about 23. However, the well sanded in and has been idle for some time. According to information obtained yesterday, the Heller-Davis company does not intend to take a core under 5000 feet, and expects to uncover fine deep producing sand at about 7000 feet.

According to Milo Garvin, of 2687 Weston street, who may be considered an authority on oil properties in this section, having lived here for the past 21 years and being thoroughly experienced in all parts of the industry, there are excellent chances of deep sand wells throughout most of the local field. Garvin said that he is confident that Heller-Davis Company should uncover deeper oil sands at the 7000-foot level.

The Heller-Davis people are understood to have three and one-half acres in this area. Their operations at Lomita are being watched with considerable interest by local and outside people who have holdings in this territory.

Colorful Historical Pageant Is Given By Elementary Students

A very artistic and colorful entertainment was put on by the pupils of the bungalows at the Elementary school Tuesday afternoon. This was the "History of Los Angeles" and was prepared and planned by the pupils who made their own costumes and worked out the different episodes from the history of the city as studied in their class rooms.

Episode one showed the Indian period and when the curtain went up it showed 10 little Indians, Mary Segura, Ramona Garcia, Olga Uno, Cecilia Mendoza, Dorothy Jones, Carl Myrick, Clyde Janeway, Bulch Kuwamoto, Jules Andre and Al auel Gutierrez. Dorothy Jones sang an Indian lullaby. An Indian dance was given by the group and a song, "Away Out West" was sung. The coming of Father Serra, Floyd Wheeler, and two Indian converts, Violet Lambert and Gustave Sarry, closed this episode.

Episode two represented the Spanish period. The costumes were true to the time of the Spaniards in Los Angeles and the colorful dresses of the girls and boys made a picture hard to describe. This episode was opened with the singing of "Marcheta" by the school. Lupe Flores and Emelia Flores sang a duet, "Ramona." "La Gollondrina" was sung by Carmen Davilla, Lupe Flores, Emelia Flores, Angelina Orozco, Tsugie Ishikawa, Jesus Garcia, Lucy Jimenez, Victoria Grajeda. A dance was given by Victoria Grajeda and Lucy Jimenez. They also planned the dance, which had all the grace of the old times, and accompanied themselves with the castanets. The boys of the school sang "Vaquero."

Those taking part were Gustavo Sarry, Stanley Darling, J. D. Anderson, Nick Trullio, Alberto Perez, James McEwen, Edward Cessna, Eddie Duarte, Paul Gutierrez, Torio Davilla and Joe Asencio. This episode closed with the singing of "Carmen" carried by Lupe Flores. Other Spanish girls taking part were Juana Molca and Arriplina Osuna.

Episode three represented the coming of the Americans and was opened by the singing of "Oh Susanna" by the school. Bertha Janeway, Louise Hughson, Virginia Campbell, Helen Turnbull and Raquel Netrette in the costume of the pioneer women danced the Virginia reel. Alberto Perez, James McEwen, Edward Cessna, Lucinda Pavlitzki, Arlene Stephenson and Juana Smith sang the "Love Song." They were in the costumes of the early Americans. This episode closed with the singing of "I Love You, California."

After the children had closed their part of the program a group of musical numbers was given by the Pastel Concert trio, who have recently opened a studio in Torrance. The personnel of the trio is Frieda Runyon, violinist; Alta Runyon, cello, and Keith Godfrey, piano. During the business session Mrs. J. E. Hitchcock announced that the district convention would take place May 14 at the Polytechnic High school in Los Angeles at 9 a. m. and would close at 4 p. m. Torrance Elementary P. T. A. is entitled to 12 delegates. At the May meeting of the association the officers for the ensuing year will be elected and they will be installed at the June meeting. At the meeting the report of the nominating committee was received and those nominated were: Mrs. O. E. Hall for president; Mrs. J. O. Bishop for first vice president; Mrs. John Keifer for second vice president; Mrs. Joe Stone for secretary; Mrs. J. R. Jensen for treasurer; Mrs. Herbert S. Wood for auditor; Mrs. J. E. Hitchcock for treasurer; Mrs. O. E. Fossum for parliamentary, and Mrs. Walter K. Dozier was recommended for corresponding secretary.

KITTIES WENT FISHING

By the United Press ORLAND.—There wasn't a cat to be found in the whole city one day last week. Investigators discovered S. A. Lewis had met with an accident near here and scattered six tons of fish over the highway.

WE WONDER?

By the United Press WILLIAMS — William Williams of Williams and Mrs. Williams moved to another city recently. Friends asked: "Will Will Williams miss Williams like Williams misses Will?"

STATE "MUSSELS" IN

By the United Press SANTA BARBARA.—It's good to be strong, but there's such a thing as having too much muscle. This was discovered by two Filipinos arrested for possessing 240 pounds of mussel, when the state law allows only 10 pounds.

JUST JUSTICE

By the United Press PORTERVILLE.—Cards advertising a get-rich-quick oil scheme were distributed all over the city. City Manager J. Pease punished the promoter by ordering him to gather up all the cards.

Announcing New Office Hours

EFFECTIVE at once, the Ford agency in Torrance will remain open every evening until 8:30 o'clock, and Sundays from 9 a. m. to 12 noon.
